The announcement must further the national interest, but without unduly damaging your competitive position.

(b) *Timetable for release of G&G data and information that MMS acquires.* MMS will release data and information that you or a third party submits and MMS retains, in accordance with paragraphs (b)(1) and (b)(2) of this section.

If you or a third party submit and MMS retains	The Regional Director will disclose them to the public
Geological data and information.	10 years after issuing the permit.
Geophysical data .....	50 years after you or a third party submit the data.
Geophysical information .....	25 years after you or a third party submit the information.

(2) If the data and information are related to a deep stratigraphic test, MMS will release them to the public at the earlier of the following times:

(i) Twenty-five years after you complete the test; or

(ii) An estimate of the oil and gas reserves in the areas proposed for leasing; and

(iii) An identification of any field, geological structure, or trap on the OCS within 3 geographic miles (5.6 kilometers) of the seaward boundary of the State.
